PROFESSIONAL SUMMARY

Computer Science undergraduate at The Apollo University with strong fundamentals in Java, Python, and Web Development. Skilled in building applications using HTML, CSS, JavaScript, and MongoDB. Passionate about software development and problem solving. Currently seeking internship or fresher opportunities to gain industry experience and contribute to real-world projects

EDUCATION

2024 - 2028	B.Tech in CSE at THE APOLLO UNIVERSITY (Pursuing)	CGPA: 9.1/10
2022 - 2024	Class 12th, State Board at Sri Chaitanya Junior College	MARKS: 80.8%
2021 - 2022	Class 10th, State Board at Kings English Medium High School	MARKS: 73.4%

TECHNICAL PROFICIENCIES

Programming & Scripting	JavaScript, Java, Python, HTML, CSS, SQL
Technologies	React.js, REST APIs
Tools	Git, GitHub, VS Code, Anti Gravity

PROJECTS

Server Application Bot | JavaScript, Node.js, REST API, Event-Driven Architecture

- ❑ Developed a server-side automation application to fetch and process real-time data from external REST APIs using asynchronous programming
- ❑ Implemented command-based interaction and event-driven architecture to enable automated responses and efficient server communication
- ❑ Deployed and tested the application in live server environments, ensuring reliability, performance, and stable API integration, The application is about clash of clans and retrieving the data using coc official api

Climate Application | React.js, Node.js, REST API

- ❑ Developed a full-stack climate monitoring application to fetch and display real-time environmental data using external REST APIs
- ❑ Implemented responsive user interface and backend services with asynchronous API handling for efficient and reliable data processing
- ❑ Integrated location-based search and ensured stable performance through proper API integration, error handling, and testing in live environments

Web Application – HTML, CSS, JavaScript

- Portfolio Website – HTML, CSS, JavaScript
- Basic College Website [Team Project] -React , JavaScript
- Evidence Management System (In Progress) - HTML, CSS ,JavaScript , SQL

CERTIFICATIONS & ACHIEVEMENTS

- **React Bootcamp** — LetsUpgrade (NSDC & GDG MAD), Jan 2026
- **JavaScript Bootcamp** — LetsUpgrade (NSDC & GDG MAD), Jan 2026
- **Python for Beginners** — Simplilearn SkillUp, May 2025.
- **Basics of Data Structures and Algorithms** — Simplilearn SkillUp, May 2025.

SKILLS

- Communication Skills
- Analytical Thinking
- Flexibility and Adaptability
- Teamwork and Collaboration
- Leadership and Event Management

HOBBIES AND INTERESTS

- Playing Chess, Cricket and Badminton
- Exploring new technologies, AI tools like ChatGPT, LLMs through Hugging Face, and solving logical challenges.
- Reading tech blogs, research papers, and exploring case studies in modern innovations.
- Experimenting with Open-Source Projects and GitHub collaborations.
- Listening to tech podcasts and watching documentaries on futuristic technologies.

I hereby declare that the information furnished above is true and correct to the best of knowledge and belief.
